PART - I

PANCHAYATI RAJ INSTITUTIONS

A. AUDIT OBSERVATIONS OF ZILLA PANCHAYAT

The gist of some selected observations of Zilla Panchayat raised during the year 2019-20 under report is enumerated below.

I. NON PRODUCTION OF RECORDS

1. Non production of records - East District Zilla Panchayat (EDZP)

Keeping of important records in a safe custody and in proper manner is essential to maintain the transparency as well as accountability of public fund. It is the duty of the executing authority to provide reasonable facilities to the audit for discharge of his function and furnish fullest possible information required by him for any official account and report.

However, East District Zilla Panchayat did not produce the following records i.e. cash book for the financial year 2015-16 and 2016-17 for the NRDWP project and Bank statement for the OSR and BRGF project. Therefore, the complete audit of East District Zilla Panchayat could not be carried out.

It was also noticed that under the BRGF A/C no 12930100008352 (UCO Bank) numerous transactions were carried out for which the records were not produced for the cumulative amount of Rs. 61,80,668/- before the closure of the BRGF account.

2. Non production of payment vouchers for Rs. 1,34,42,177/- East District Zilla Panchayat (EDZP)

It is essential that the records of payment must be clear and self contained to be producible as satisfactory and convincing evidence of facts. However, EDZP failed to produce the following records to the audit team:

Sl No.	Particulars	Cheque No./ Date	Amount (Rs)
1.	Payment for the supply of Poly Pipes, Tarpaulin, chair, from M/S Consumer Co-operative.	377507	69,50,297/-
2.	Payment for the Tour programme of 28 nos of Zilla Panchayat members to Thailand and Malaysia	377476 Dated 04/07/17	20,00,000/-
3.	Payment for construction of RWHT at Tumblong Primary School).	509812 dated 05/05/15	50,300/-
4.	Payment to MD Simfed for supply of HDPE pipe to the beneficiaries.	509866	17,51,300/-
5.	Payment to M/s Simfed towards the supply of 180 nos of photo copies machine.	509857	26,90,280/-

II. UNADJUSTED ADVANCES

1. Drawl of advance regarding - East District Zilla Panchayat (EDZP)

Advance Register is an important record to pursue the advances given by Zilla Panchayat for various purposes. It was noticed that some of the advances were adjusted and some were not. However, it was very difficult to find out whether the same was adjusted or not due to improper maintenance of record.

Sl No.	Particulars	Voucher No./ Date	Amount (Rs)
1.	Payment for the supply of materials under Deen Dayal Upadhyaya Panchayat Sashaktikaran scheme.	105/D&A, dt.23/2/19	47,17,126/-

III. DOUBTFUL EXPENDITURE

1. Doubtful expenditure - East District Zilla Panchayat (EDZP)

Government has issued instructions through various orders on which public money can be spent and the principles to be adhered to while incurring expenditure. It is therefore felt that the expenditure incurred tends to be doubtful, since no receipts with signatures of the beneficiaries were found to prove that the materials/ items were received by the actual beneficiaries.

Sl No.	Particulars	Voucher No./ Date	Amount (Rs)
1.	Payment for the supply of materials under Deen Dayal Upadhyaya Panchayat Sashaktikaran scheme.	105/D&A, dt.23/2/19	47,17,126/-

B. AUDIT OBSERVATION OF GRAM PANCHAYATS

The gist of some selected observations of Gram Panchayats raised during the year 2019-20 under report is enumerated below.

I. NON ADHERANCE TO RULES

1. Non compliance to rules on purchase procedure – Sudunglakha GPU (Rhenock BAC)

As prescribed in the Gram Panchayat Development Plan Manual, purchases of stores, in the case of open competitive system, shall be made by inviting quotations from a reasonable number of firms and the contract should be awarded to the lowest bidder.

However, scrutiny revealed that the purchases of the following stationaries were made without calling quotations from the firms and no comparative statement of quotations was prepared. As such the verification and comparison of rates was not carried for the purchases in following cases.

Sl.No.	Particulars	Cheque no/date	Amount (Rs)
1.	Payment made to M/s Pushpa Enterprise for office stationaries from OSR fund	011341/12.09.2017	45,012/-
2.	Payment made to M/s Sandeep Kr. Agarwal for supply of cousion chair and cousion table for GPK	011362/01.09.2017	96,000/-
	Total		1,41,012/-

2. Annual budgets prepared but the expenditure was not incurred accordingly - Lingdok Nampong GPU, Men-Rongong GPU, Navey Shotak GPU, Rongong Tumlong GPU (Kabi Tingda BAC)

The Sikkim Panchayat Act, 1993 and Sikkim Gram Panchayat (Financial) Rule 2003, emphases on the preparation of budget annually for the estimated receipts and expenditure well in time for the succeeding financial years. It is also specifically written in the Act that “No expenditure shall be incurred unless the budget is approved by the Government”.

On scrutiny of accounts of Gram Panchayat, it was found that the annual budget was prepared in timely manner but the expenditure (Gram Panchayat fund) was incurred by Gram panchayat authorities as per the instant necessities without considering the provision made in the sanctioned budget. The expenditure should have been incurred from the sectioned budget based on the provision made for the particular purpose or head of account but the GPU seems unaware of importance of budget.

3. Non Maintenance of Cash Book - Byeng Phegyong GPU (Martam BAC)

As per Sikkim Financial Rules (para 37), every officer receiving money on behalf of the Government should maintain a cash book in the prescribed form.

7. Bering Tareythang GPU (Pakyong BAC)

As per normal procedure, all purchases are to be made by inviting quotations atleast from three or more firms/suppliers from the market and the firm with the lowest rate for the goods should have been selected. However, it was observed that in the payment for purchasing lab equipments to Tareythang School vide cheque no- 038259, dated 20/5/18 for Rs 79,925/- , Lab Instruments and Chemicals, Silliguri had quoted the lowest rate but the supply was done by M/S Drugs and Chemicals, Siliguri. VIII. WASTEFUL EXPENDITURE

1. Rhenock GPU (Rhenock BAC)

The basic Grant of FFC fund is released to the GPU to enable delivery of basic civic services such as water supply, sanitation including solid waste management, maintenance of roads etc.,

However, audit found that the GPU has incurred a huge amount of Rs 9.40 lakhs in already established GPU without consultation with technical staff/Engineering cell who are responsible for execution of such work. Further, audit revealed that the GPU had not complied with the guidelines for utilisation of FFC grant.

IX. NON UTILISATION OF FUND IN TIME

1. Non-Utilization of developmental fund : Rhenock GPU and Tarpin GPU (Rhenock BAC)

The money was provided to the Gram Panchayat for improvement of basic amenities and various developmental works to provide basic facilities to the villagers, but the Gram Panchayat parked the money in the bank account. This certainly hampered public facilities and sustainable development works which could have been completed in the previous years if utilised in proper manner. This shows the inefficiency of the Gram Panchayat authority as well as concerned BAC.

i. Rhenock GPU :

2017-18 Rs. 40,49,838/- (closing balance as on 31.03.2018)

2018-19 Rs 90,04,652/- (closing balance as on 31.03.2019)

ii. Tarpin GPU :

2017-18 Rs. 49,90,002/- (closing balance as on 31.03.2018)

2018-19 Rs. 94,02,183/- (closing balance as on 31.03.2019)

2. Parking of Fund - Soreng BAC

On scrutiny by audit, it was revealed that in most of the GPUs under Soreng BAC, have huge sums of savings in the close of financial year. The fund available should have been utilised in various development works have remained parked in various accounts as revealed in the course of auditing. It appeared to be a failure of proper planning and inability of execution of works in timely manner. Such instances of mismanagement of resources are highly objectionable which could have been easily avoided.

X. LOSS OF REVENUE

1. Belated receipt of grants in panchayat fund - Lingdok Nampong GPU (Kabi Tingda BAC)

On the test check of audit, it was found that the SISCO Bank credited the Grants into Panchayat account belatedly for which there was loss of interest that could have been a revenue for the Panchayat account. If VAC had the practice of doing bank reconciliation, this would have been identified earlier and may be checked on time by consulting with the Bank Branch staffs and this could lead the developmental works to function smoothly without any financial constraint.

Details of grants received are shown below:

Sl. No	Particulars	DD No./Date	Amount (Rs)	Date of issue from HO	Date of Deposit	No of Days
1.	1 st instalment of Share of Net Proceeds under 4 th SFC	147269/28 .10.17	2,32,600/-	16.11.2017	24.04.2018	158 days
2.	1 st instalment of Primary Grant under 4 th SFC	28.10.17	1,51,500/-	16.11.2017	24.04.2018	158 days
3.	1 st instalment of 14 th FC grant	147976/18 .11.17	7,69,900/-	18.11.2017	07.04.2018	139 days

The records of receipt of cheque/DD from head office and date of deposition in the bank were either not maintained or not shown to the audit.

2. Loss of interest on funds kept in current account - Navey Shotak GPU and Rongong Tumlong GPU (Kabi Tingda BAC)

As per Sikkim Gram Panchayat (Financial) Rules, 2003 vide Para 3, all monies received by the Gram Panchayat from the source as indicated at clause (a) of sub-rule 1 of section 39 of Sikkim Panchayat Act, 1993 should be held in the saving bank account with the State Bank of Sikkim or any other Nationalised Banks.

i) **Navey Shotak GPU** - However, on test check of bank accounts, it was found that the VAC held a current bank account for FY 2018-19 at Oriental Bank of Commerce, Bhojoghari Branch. This has resulted in a loss of earning of interest in the Panchayat Fund.

ii) **Rongong Tumlong GPU** - However, on test check of Bank accounts, it was found that the VAC held the current account for TFC/FFC grant at State Bank of India bearing an account no 35189937924. This has resulted to a loss of earning of interest in these auditing periods (FY 2015-16 to 2018-19).

iii) **Namli GPU** -The Gram Panchayat fund established under sub-section (1) of Section 39 of the act shall be held in the saving bank account with the State Bank of Sikkim or any other Nationalized Bank having its branch at the respective District Headquarter and also at Gangtok. Audit observed that the bank account which the GP is maintaining in current account.

3. Non Levy of taxes, rates and fees

3.1 Rhenock GPU (Rhenock BAC)

Under sub section (1) of Section 40 of The Sikkim Panchayat Act, 1993 has empowered the Gram panchayats to levy the various taxes and fees. The Rhenock GPU has passed a resolution on 24.01.2018 for levying A) Recommendation & NOC fees and B) User & Service Charges and included the below mentioned items under B) User and Service Charges: -

- i. Drinking water supply: Rs 5/- per month
- ii. Sanitation charges: Rs. 5/- per month
- iii. Garbage management private household: Rs. 60/- per month
- iv. Garbage management business household: Rs. 100/- per month

The GPU was collecting revenue from (A) recommendation & NOC fees but collection of revenue from (B) User & Service charges (Sl No. i to iv above) even after passing resolution, was not initiated till the end of financial year 2018-19.

3.2 Tarpin GPU (Rhenock BAC)

Under sub section (1) of Section 40 of The Sikkim Panchayat Act, 1993, Gram Panchayat empowered to levy various taxes and fees but the GPU has collected very less revenue (during the period covered by audit i.e. 2015-16 to 2018-19) from such taxes and fees which could have been collected and the fund so collected would be utilised for the welfare of the village.

Further, as per the Gram Panchayat Financial Rules 2003, any money collected by the GP should be deposited in the bank immediately. It is found that the revenue so collected were being recorded in the receipt register but on the contrary to the rule the same is found to be deposited in the bank only on their convenient time.

3.3 Samlick Marchak GPU (Martam BAC)

Section 39(1) and 40(1) of Sikkim Panchayat Act , 1993 envisaged constitution of Gram Panchayat Fund and levy of taxes, rates and fees on the subjects mentioned at clause (a) to (l) of Rule 40(1) by the GPs subject to the rates fixed by the State Government.

Audit observed that despite the above provisions, the Gram Panchayats have not initiated any steps to identify the areas for levying taxes. Taxes forms important part of Government revenue failing to collect taxes leads to loss of revenue to the State Government.

XI. EXCESS PAYMENT

1. Excess payment made to Sukhim Traders - Namcheybong GPU (Pakyong BAC)

On scrutiny of various records, audit found that there was an excess payment made in favour of Sukhim Traders vide cheque no. 124928 amounting to Rs 211150/-, but as per the voucher, the bill was passed for Rs 209550/- which reflected an excess payment of Rs 1600/-. Secondly, the Tax(VAT & CESS) were not deducted for the payment made.

2. Excess Payment of Rs. 82,853/- was made under RWSS construction - Pachey Samsing GPU under Pakyong BAC

Sl No.	Particulars	Cheque No./ Date	Amount (Rs)
1.	RWSS construction of pipeline under Pachey Samsing GPU.	093319, dated 21/6/18	2,84,251/-

XII. DOUBTFUL EXPENDITURE

1. Bering Tareythang GPU (Pakyong BAC)

Government has issued instructions through various orders on which public money can be expended and the principles to be adhered to while expending such items. It is therefore felt by the audit that the expenditure incurred tends to be doubtful as the supply of items to beneficiaries was less to that of the total purchase made from the vendor.

Sl No.	Particulars	Cheque No./ Date	Amount (Rs)
1	Purchase of Tirpal	Cheque no- 315784 dated 2/11/15	Rs 80,000/-

2. Chalamthang Pacheykhani (Pakyong BAC)

Government has issued instructions through various orders on which public money can be expended and the principles to be adhered to while expending such items. It is therefore felt by the audit that the expenditure incurred tends to be doubtful as challan numbers were contradicting on the order of their occurrence.

Sl No.	Particulars	Challan No./ Date	Amount (Rs)
1	Repair of RWSS from Luksom dara to Pacheykhani School	(268-271) Dtd: 22/1/16	1,22,540/-

3. Namcheybong GPU (Pakyong BAC)

Government has issued instructions through various orders on which public money can be expended and the principles to be adhered to while expending such items. It is therefore felt by the audit that the expenditure incurred tends to be doubtful as there was no evident proof of supply of water tank to the progressive farmers. Hence proper and genuine utilization of the sanctioned amount could not be drawn.

Sl No.	Particulars	Cheque No./ Date	Amount (Rs)
1	Payment made to Kailash Enterprises for supply of water tank for progressive farmer.	712208	226800/-

4. Pachey Samsing GPU (Pakyong BAC)

Government has issued instructions through various orders on which public money can be expended and the principles to be adhered to while expending such items. It is therefore felt by the audit that the expenditure incurred tends to be doubtful as

- i. Supply has been made but no record of distribution of Sintex and poly pipe.
- ii. The supporting documents were not made available to the audit team which generates doubt on the authenticity of this claim

Sl No.	Particulars	Cheque No./ Date	Amount (Rs)
1.	Supply of Sintex tank and poly pipe M/S Samsing Enterprise.	346883, dated 3/9/15	2,42,500/-

5. Pakyong Yakten GPU (Pakyong BAC)

Government has issued instructions through various orders on which public money can be expended and the principles to be adhered to while expending such items. It is therefore felt by the audit that the expenditure incurred tends to be doubtful as total cost for purchase of equipment for smart class demonstration seems to be unrealistic amount.

Sl No.	Particulars	Challan No./ Date	Amount (Rs)
1.	Installation of Smart Class at Pakyong JHS.	005384, dated: 11/10/18	1,46,000/-

XIII. MISCELLANEOUS

The qualification required for the said post for their routine works is Bachelor of Commerce with Computer knowledge. However, PAAs are paid monthly remuneration of Rs. 10,000/- only from SFC and SNP fund which does not appear to commensurate with the responsibility and functions discharged by them.

C. AUDIT OBSERVATIONS OF MGNREGA SCHEME

The gist of some selected observations of MGNREGA Scheme raised during the year 2019-20 under report is enumerated below.

I. NON ADHERANCE TO RULES

1. Improper maintenance of Measurement Book - Soreng BAC

As per Operational Guidelines of MGNREGA, Work wise Measurement books are to be maintained. All measurements of work done shall be recorded in the measurement book (MB) duly authorized and issued by competent authority. Weekly measurement of works should be undertaken by measurement officers (Technical Assistants/ Overseers/ Junior Engineers). Measurement officers should ensure that all measurements are taken within 3 days after close of weekly muster roll. This is very important for timely payments of wages. All measurements should be captioned work-wise so that nothing remains invisible and underpaid.

However, Measurement books are not maintained work wise. For the ongoing works measurement book was not maintained. Details of measurement and payments of bill for various completed works were also found maintained in a single MB.

2. Improper maintenance of registers - Soreng BAC

- Goods issue register for individual civil works found available at GPU office ward wise, but are improperly maintained . Indent no. date of indent, brand name of materials, beneficiary contact details, household census no. etc., not found entered.
- Beneficiary plant issue registers available at Gram Panchayat Office, but indent no. & date of indent, signature of mate, types of plant issued, beneficiary contact details, and household census no. were not found entered.
- Gram Sabha Register found available at GPU but it was not maintained properly. Very less number of people signed the Gram Sabha resolution.

3. Non maintenance of measurement books (convergence works) - Martam BAC:

As per the MGNREGA guidelines, a daily individual measurement of work has to be done in a transparent manner in the cases where piece-rate norms were in force and the final measurement of the work (for weekly wage payments) be done by the Junior Engineer in the presence of a group of workers.

However, scrutiny by audit revealed that the MBs were not maintained properly. Daily individual measurement of work was not taken where piece rate norms were not in force till the day. Work measurement was not entered in Measurement Books for all completed works. Instead of actual

measurement of works only payment details of materials procured has been found maintained in the MB.

4. Unauthorized payment from the material provision - Martam BAC

Para (xi) 12.5.5 of MGNREGA operational guidelines – 2013 – 4th edition states that First Aid Box for emergency treatment may be made available from the provision of Administrative Expenditure under each work.

However, on scrutiny of records audit found that Martam BAC provides the First Aid Box from the Material Funds which is unauthorized/non-permissible expenditure and against the scheme guidelines.

5. Re-using of tools & implements - Martam BAC

As per Circular issued during April 2012 only 20% of the total tools & implements required for a particular work be purchased afresh and rest has to be used from the old stock available which is in the custody of the concerned GRS.

However during the test check audit noticed that system of re-using of tools & implements were not found despite Government instruction and for every individual work 100% tools & implements were purchased new and the whereabouts of old used tools & implements were not known.

6. Improper maintenance of measurement books - Sikkip BAC

As per the MGNREGA guidelines, a daily individual measurement of work conducted in a transparent manner where piece-rate norms were in force and the final measurement of the work (for weekly wage payments) have to be done by the Junior Engineer in the presence of a group of workers.

However, scrutiny by audit revealed that the MBs were not maintained properly. Daily individual measurement of work not taken where the piece rate norms were not in force till the day. Work measurement were not entered in Measurement Books for all completed and ongoing works. Only payment details of materials procured has been found maintained. But, actual measurement of work was not mentioned in the MB. Work measurement for all the works were not entered in Measurement Books.

7. Improper monitoring & evaluation - Sikkip BAC

Timely and proper monitoring of all developmental works executed by the Gram Panchayat in the GPU was under the overall responsibility of BDO. Inspection schedule for field visit to monitor the progress of schemes/programmes must be drawn up beforehand by the Gram Sabha and the details indicating outcome of field visits are to be recorded for initiating corrective actions. Evaluation of the scheme/ programme must be done at Block level. The members of the vigilance committee must make regular visits to the worksite and monitor the Implementation of various aspects of the work.

Although the BDO and his team claimed to have conducted physical verification of all on going works/schemes from time to time, no documentation indicating physical verification of work carried out

within the GP was ever recorded. In absence of documentation, the field visits by the authorities could not be vouched for in audit and corrective actions, if any, could not be initiated by the GP.

II. INADMISSABLE EXPENDITURE

1. Non permissible expenditure from Contingency Fund of Rs. 1,30,295/- Rhenock BAC

Para 12.2.5 [xiii] of MGNREGA operational guidelines - 2013 - 4th edition stipulated that only the following permissible activities can be booked under the contingency expenditure head of account -

- i. Ex-gratia payment
- ii. Medical Treatment
- iii. Hospitalization

Audit scrutiny revealed that despite clear guidelines, Rhenock BAC incurred Rs. 24,295/- vide chq. No. 009956 dated 31.10.2015 on account of reimbursement for repairs of vehicle attached to BDO and Rs. 1,06,000/- vide chq.no.010176 dated 07.12.2015 for reimbursement and miscellaneous expenses from the available contingency fund which is non-permissible and is against the standing norms.

III. UNADJUSTED ADVANCES

1. Observation on Advance payment - Kabi Tingda BAC

On scrutiny of records of MGNREGA, it was found that the BAC has drawn repeated advances in favour of M/s Manokamana Ent. (Gangtok) for payment of material portion for the works executed under 7 GPUs pertaining to Kabi BAC.

The drawl of advances are as under:

Financial Year	Cheque no. & date	Advance drawn	Adjustment	Balance
2016-17	779891/24.08.2016	1100000		
	779936/06.10.2016	1297000		
	779939/20.10.2016	1000000		
	058699/10.03.2017	3800000		
	Total	7197000	3397000	3800000

2017-18	Balance b/f	3800000	6161275	488725
	642208/01.04.2017	500000		
	642250/20.07.2017	700000		
	642271/18.10.2017	1650000		
	Total	6650000		
2018-19	Balance b/f	488725	Nil	488725

It is not understood why advance payment was released instead of making payment after receipt of bill from the supplier. Also, it is revealed from the advance register that 2nd & more advances were drawn before adjusting the earlier advances which is a violation of financial rule.

Further, the mode of payment has been changed from cheque payment to online payment in the month of September 2017 but the last advance was drawn on 18/10/2017. The dates of adjustment of advance was not mentioned in the register hence advance wise adjustment could not be ascertained. As per the register of advance an amount of Rs. 4,88,725/- was not settled till March 2019.

IV. NON PRODUCTION OF RECORDS

The financial health of an institution depends upon the quality of the records that are being maintained to show the accountability of the financial transactions that occur in the institution. The provision under Rule 6 of Sikkim Local Fund Audit Act, 2012 is clear that the onus for production of records to audit lies with the Executive Authority of the institution. Though requisition made prior to auditing and also on the spot of audit, the following records of MGNREGA scheme were not produced to the audit by the Executive Authorities and resulted in inaccessibility of the records. Non produced records are stated below BAC wise;

1. Martam BAC

Martam BAC release a sum of Rs. 1,49,000/- Details shown in the table – 1 given below:

Table - 1

Sl. No.	Cheque No. and date	Paid to	Amount	Remarks
1.	045389/ 26.9.17	APO Martam	49,000/-	File, voucher not produced.
2.	045390/26.9.17	BDO Martam	1,00,000/-	- do -

During the course of audit APO Martam assured for the production of files and voucher of the expenditure given in the table above within one week to the Audit Party. However, till date (November 2019) files and vouchers of the expenditure incurred were not produced.

V. DOUBTFUL EXPENDITURE

1. Pakyong BAC

It was noticed by the audit team that many payment were made as contingencies to M/S Banwarilall Omkarmall. The details of the contingencies and payments were not made available to the audit team.

Sl No.	Particulars	Amount (Rs)	Year
1.	Contingencies paid to M/S Banwarilall Omkarmall	Rs 77,313/-	2015-16 to 2017-18 (Under Namcheybong GPU)
2.	Contingencies paid to M/S Banwarilall Omkarmall	Rs 86,029/-	2015-16 to 2016-17 (Under Aho-Yangtam GPU)
3.	Contingencies paid to M/S Banwarilall Omkarmall	Rs.25,572/-	2017-18(Under Pakyong Yaktan GPU)

VI. EXCESS PAYMENT

1. Pakyong BAC

It was noticed by the audit team that during the year 2017-18 a total amount of Rs 6,52,500/- was paid to M/S Banwarilall Omkarmall, Pakyong as hiring charges @ Rs2500/- per trip/ day, but, no tour programmes were seen attached to the bills.

Sl No.	Particulars	Voucher No./ Date	Amount (Rs)
1.	Contingencies paid to M/S Banwarilall Omkarmall	1)300/BAC Pkg dtd 3/2/18 2) 175/BAC Pkg dtd 19/9/17	6,52,500/-

VII. WASTEFUL EXPENDITURE

1. Pakyong BAC

During auditing, it came into notice that in the NIT for the financial year 2015-2016, No-102/-MGNREGA/RM&DD(S) 2015-16, dated 28/4/15, M/S Samsing Enterprise, Pakyong quoted lowest rates in many of the items and was also declared lowest bidder vide declaration No.-240/GVK/PKG, dated 14/5/15 but M/S Samsing Ent. withdrew quotation vide letter no- dtd 21/5/15. Considerable unnecessary delay in selection of the supplier was caused because of the withdrawal. Finally, M/S Banwarilall Omkarmall was qualified as the supplier. Again vide O.O. no-132/ADC(DIV)P dated 7/10/5, rates of 20 items were changed. It was also noticed that no rates of the items to be procured was mentioned in the NIT.

In the similar case, it was noticed that in the NIT for the financial year 2016-2017, No-177/RM&DD/MGNREGA dtd 4/4/16, M/S Samsing & M/S Banwarilall Omkarmall both quoted the exact same rates. Both M/S Samsing & M/S Banwarilall were selected as suppliers and hence the BAC lost an opportunity to procure items at much lower rates by selecting only one supplier. It was also noticed that no rates of the items to be procured was mentioned in the NIT.

Practice of processing bills for payment in photocopied form was seen in the BAC which is highly irregular. This has caused a considerable loss to the state exchequer as the revenue in the form of GST, etc might not get deposited into the exchequer.

D. AUDIT OBSERVATIONS OF HRDD/ GRANTS IN AID TO GRAM PANCHAYATS

The gist of some selected observations of HRDD/ GRANTS IN AID raised during the year 2019-20 under report is enumerated below.

I. NON ADHERANCE TO RULES

1. Non maintenance of Cash Book - Rhenock BAC

According to Rule 4 of Sikkim Gram Panchayat (Financial) Rules, 2003 notified vide no – 35(159)/93-94/RDD/P-III/33 dated 10.07.2003, it shall be mandatory for each Gram Panchayat to prepare and maintain the cash book in the form as specified in the schedule – A and its safe custody.

Also as per the Sikkim Financial Rules, 1979, every officer receiving money on behalf of the Government should maintain a cash book in the prescribed form. The cash book is treated as one of the most important accounting record. All the monetary transactions should be entered in the cash book.

During the test check in 4 GPUs, under Rhenock BAC audit noticed that cash book were not maintained.

II. INADMISSABLE EXPENDITURE

1. Payment of salaries of incumbent other than teachers from the grant provided for particular purpose - Martam BAC

The Grants in aid resource under HRDD are provided to meet the expenditure on payment of monthly pay & allowances, medical, arrears etc of the teachers posted in schools up to Junior High level.

During the course of Audit it was found that instead of utilizing the fund for the purpose for which it was meant, the BAC had paid the salary of employees under One Family One Job from HRDD fund which is not permissible.

2. Inadmissible/Doubtful Expenditure of Rs. 88,800/- Martam BAC

It was revealed that a sum of Rs. 88,800/- was drawn vide cheque no. 759057 dated 8.9.2017 for purchase of furniture for BAC office from the interest component of GIA fund which is not admissible, as fund was provided for the purpose of payment of salaries etc of the teachers.

III. UNADJUSTED ADVANCES

1. Non maintenance of Advance Register – Rs. 6,50,000 /- Kabi Tingda BAC

Advance Register is an important record to pursue the advances given by BAC for various purposes. However, Audit noticed that the BAC had the practice of making advances but the entries in the relevant advance register was not made, which creates doubt regarding its adjustment. Details of Advance payments are shown below:

Sl. No.	Particulars	Cheque no & date	Amount (Rs)
1.	Medical Advance of Diki Choden Bhutia,PPT of Phodong Gumpa PS of Rongong Tumlong GPU	543576/11.10.2018	5,00,000/-
2.	Medical Advance of Diki Bhutia,PRT of Navey PS of Navey Shotak GPU	834538/12.05.2017	50,000/-
3.	Medical Advance of Dathup Bhutia, HM Navey PS of Navey Shotak GPU	CAR entry date 12.10.2017	50,000/-
4.	Medical Advance of Chetraj Thapa,PRT Namphong JHS of Lingdok GPU	-	50,000/-

The advances made above was not found adjusted till the date of audit. Also audit could not mention the bill number as BAC had not entered the bills of sl 1,2,& 3 in Bill register.

2. Non adjustment of Medical Advance - Rhenock BAC

Medical advance of Rs. 2,00,000/- was paid to Smt. Saraswati, PRT, Dugalakha J.H.S. during financial year 2016-17, vide ch.no.678423 dated Nil.

During the verification of records, it was observed that the advance was not adjusted till the date of audit.

IV. NON PRODUCTION OF RECORDS

1. Payment voucher not prepared/Supporting documents not produced/CAR entry, Bill Register entry and Cashbook entry were not done & acknowledgement of receivers not found - Rs. 1,35,10,694 - Rhenock BAC

Payment voucher is a proof that monetary transactions have occurred between two parties. A voucher is a very primary accounting record which shows the authenticity of the transactions. The payment voucher is the final proof of payment indicating that an invoice, bill, receipt etc has been approved for payment and must be in the file to provide information in case of any future questions. A proper source/supporting documents must be attached with the payment vouchers. Besides, the acknowledgment of recipient must be taken at the time of payment.

However, on scrutiny of records of 4 GPUs under Rhenock BAC by audit team revealed that the payment worth ₹ 1,35,10,694/- was released by the GPUs from the HRDD fund and of which the basic records like entry in cash book/CAR/Bill register, payment vouchers were not prepared, supporting documents in support of payments were also not produced and the acknowledgment of receivers were not obtained at the time of payment. This indicated the expenditure was doubtful & fictitious. Detailed shown in the table – 1 given below.

Table – 1

1.	Rhenock Tarpin	Cash paid to Sita Pradhan for FY 2015-16		7684

1. Soreng BAC - Loss of interest

According to Sub Rule 1 & 2 of Rule 3 of the Sikkim Gram Panchayat (Financial) Rules, 2003 stipulate that all monies received by the Gram Panchayat from the source as indicated at clause(a) of sub-section 1 of section 39 of the Sikkim Panchayat Act, 1993 should be held in the savings bank account with State Bank of Sikkim or any other Nationalized Bank.

However, on scrutiny of records in all GPUs under Soreng BAC revealed that the fund received from the Human Resource Development Department (HRDD) for the payment of monthly pay & allowances of teachers up to the level of junior high school is kept in the current account with State Bank of Sikkim, Soreng. This resulted in loss of earning of interest.

The matter was reported to the Block Development Officer (BDO) and Deputy Director, HRDD, Soreng during the month of July 2016 for early rectification but till date GIA funds are still kept in Current Account.

CONCLUSION

The conclusion drawn on the basis of audit conducted on the accounts of the Local bodies are enumerated as under:

Initially, the auditing of accounts of the local bodies in the state of Sikkim started from the financial year 2012 – 2013, and continuing to present day. The audit procedures carried out, and audit conducted on the accounts of the Local bodies is on the basis of the Sikkim Local Fund Audit Act 2012, which mandates the Directorate of Local Fund Audit to conduct audit on the accounts of the Local Bodies, in conformity to the recommendations of the Finance Commission, Government of India. During the audit, various irregularities and discrepancies were observed in most of the Local body institutions and objections were raised. Out of those observations, the audited institutions initiated to comply with the audit suggestions and there is a marked improvement in the accounts keeping, as well. The Directorate of Local Fund Audit during the period for financial year 2012- 13 to 2018-19, is unable to conduct audit of entire institutions in a single financial year, owing to various circumstances and inherent issues attributed to the Directorate. The DLFA has to audit the accounts of the Local bodies with arrear audit for three to four previous years. In the financial year 2019-20 the DLFA audited the accounts of financial year 2018-19 along with arrear audit of accounts from the financial year 2015-16, 2016-17 and 2017-18 of forty-one institutions only. Most of the local bodies have cooperated with the audit teams, and apparently their way of working is getting better. The improvement is felt in those institutions where DLFA had conducted audit twice or thrice. It is also disappointing to note here that most of the GPUs did not bother to furnish replies of audit observations of all audited years. In spite of our repeated guidelines, suggestions for maintaining proper books of accounts to the institutions, no fruitful or substantial improvement could be noticed during the course of this audit. The administrative department could not provide necessary training to PRIs and ULBs on the subject. The administrative department needs to look into the matter seriously.

Some of the pertinent issues yet to be complied with by the local bodies; in relation to DLFA audit observations are illustrated here under :

Non adherence to standing norm & rules, notification and circulars of the State Government were noticed in the functioning of Local Bodies. Most of the Local Bodies have prepared the annual budget but the expenditure incurred was without co-relating to the approved budget, as required under the provisions of the respective Acts/Rules. Annual budget (estimated receipts and expenditure) for next financial year are required to be based on annual plan/development plan.

The Local Bodies have neglected to remit the realized revenues like VAT, CESS (upto June 2017), GST (w.e.f., July 2017)& Forest Royalty into Government account. On procurement of stores, adoption of rates without proper survey, analysis and proper verification & tenders resulted in excess payments which were noticed during the time of audit of Local Bodies.

Non - levy of taxes under Sections 39[1] and 40[1] of Sikkim Panchayat Act, 1993 were also noticed by the audit teams. None of the PRIs adopted the Model Accounting System for PRIs prescribed by Ministry of Panchayati Raj in 2009 for maintenance of accounts. GPUs have further failed to provide some of the records. Therefore, the audit teams lost valuable time in preparation, compilation and obtaining the explanation of the same during the course of audit.

The Grants-in-aid released by the State Government to the GPUs on account of salaries and allowance of teacher were on adhoc basis. The release of fund made by the State Government was not according to nominal roll of employees in GPU resulting in unnecessary parking of government fund at the disposal of GPUs.

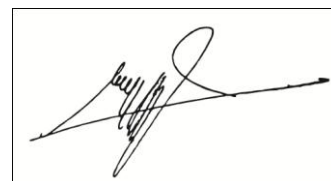

In the present scenario, there is a lack of maintenance of prescribed books of accounts like contingent audit register, cash books, monthly bank reconciliation statement etc. Responsibility to handle the Grants-in-Aids Salaries portions are not fixed properly by administrative department and the employees handling it, are without proper training. The administrative department needs to look into this matter in priority.

During the course of audit, efforts were made to sensitize the concerned authorities of the Local Bodies on all the relevant standing Government rules, norms; and Financial Rules framed for governance of local bodies. The Local Bodies were also familiarized with the proper book keeping of all items of expenditure and receipts of revenues. The concerned authorities of the Local Bodies have assured the audit teams that the existing shortfall will be looked into and all necessary actions would be taken to ensure that the suggestions made by the audit teams are strictly adhered to in future.

The details of audit findings are enumerated in Part I and Part II for Panchayati Raj Institution and Municipalities respectively.
